To whomever it may concern:

I am writing to confirm that Central European Staffing Ltd (trading additionally in Poland as Jobland.pl) has been our labour supplier since 2006.

This year, they have supplied around 90 men working in Cockenzie Power Station, for the positions of welders, pipe fitters, platters, riggers and industrial cleaners.

The agency again, has provided outstanding professional standards of service from accurately sourcing the resources to the day to day welfare and management of the people.

We can recommend their services to any client looking for skilled tradesmen within energy and heavy engineering services.

Your Sincerely,

A handwritten signature in black ink, appearing to read "Donald Ross", enclosed within a large, loopy, hand-drawn oval scribble.

Donald Ross
